## **Journey of Hope Intervention Group**

# Journey of Hope Intervention

Good afternoon,

We are contacting you as we would like to put your child's name forward to potentially join Journey of Hope which is a small intervention group run by the Place2Be Counsellor, Esther Durrant.

Journey of Hope is a structured group therapy program, that helps young people build resilience and manage challenges etc. The group will usually be made up of around 6-8 children from up to two classes.

For more information please see the leaflet which will be sent home with your child.

If you are happy for your child to join this intervention programme then please complete the form below indicating your permission. Following which Esther will arrange to forward you a consent form for completion and can provide you with any further information that you would like.

For your information there is a short assessment process which will involve meeting with Esther. In this meeting Esther will ask you a bit about your child's background and how they are at home, as well as any concerns you may have etc.

We look forward to hearing back from you and would be grateful for your response before the close of Thursday 5th December.

Kind regards.

Parkway Primary

I give permission for my child to take part in the Journey of Hope Intervention Group
