Introduction

National guidance suggests that it is essential for schools to take a leading role in e-safety.

Becta in its “Safeguarding Children in a Digital World” suggested:

“That schools support parents in understanding the issues and risks associated with children’s use of digital technologies. Furthermore, Becta recommends that all schools have acceptable use policies, and ensure that parents are aware of the procedures for e-safety within the school. Recognising the growing trend for home-school links and extended school activities, Becta recommends that schools take an active role in providing information and guidance for parents on promoting e-safety messages in home use of ICT too.”

The Byron Review “Safer Children in a Digital World” stressed the role of schools:

“One of the strongest messages I have received during my Review was about the role that schools and other services for children and families have to play in equipping children and their parents to stay safe online. To empower children and raise the skills of parents, I make recommendations to Government in the following areas: delivering e-safety through the curriculum, providing teachers and the wider children’s workforce with the skills and knowledge they need, reaching children and families through Extended Schools and taking steps to ensure that Ofsted holds the system to account on the quality of delivery in this area.”

Appendix B - Questions to support DSLs responding to concerns relating to youth produced sexual imagery

The following statements may DSLs to consider how best to respond to concerns relating to youth produced sexual imagery:

Child/Young person involved

- What is the age of the child(ren) involved?
 - If under 13 then a consultation/referral to Children’s Social Care should be considered.
 - If an adult (over 18) is involved then police involvement will be required. Contact 101 or 999 if there is risk of immediate harm.
- Is the child able to understand the implications of taking/sharing sexual imagery?
- Is the school or other agencies aware of any vulnerability for the children(s) involved? E.g. special education needs, emotional needs, children in care, youth offending?
- Are there any other risks or concerns known by the school or other agencies which may influence decisions or judgements about the safety and wellbeing of the child(ren) involved? E.g. family situation, children at risk of sexual exploitation?
- Has the child(ren) involved been considered under KSCB 2.2.2 “children who display harmful behaviours” or the KSCB CSE toolkit?

Context

- Is there any contextual information to help inform decision making?
 - Is there indication of coercion, threats or blackmail?
 - What was the intent for taking/sharing the imagery? E.g. was it a “joke” or are the children involved in a “relationship”?
 - If so is the relationship age appropriate? For primary schools a referral to social care regarding under age sexual activity is likely to be required.
 - Is this behaviour age appropriate experimentation, natural curiosity or is it possible exploitation?
- How were the school made aware of the concern?
 - Did a child disclose about receiving, sending or sharing imagery themselves or was the concern raised by another pupil or member of the school community? If so then how will the school safeguard the pupil concerned given that this is likely to be distressing to discuss.
- Are there other children/pupils involved?
 - If so, who are they and are there any safeguarding concerns for them?
 - What are their views/perceptions on the issue?
- What apps, services or devices are involved (if appropriate)?
- Is the imagery on a school device or a personal device? Is the device secured?
 - **NB: Schools and settings must NOT print/copy etc. imagery suspected to be indecent – the device should be secured until advice can be obtained.**

The Imagery

- What does the school know about the imagery? (Be aware it is unlikely to be necessary for staff to view the imagery)
 - Is the imagery potentially indecent (illegal) or is it “inappropriate”?
 - Does it contain nudity or sexual acts?

- Does the child(ren) know who has accessed the imagery?
 - Was it sent to a known peer (e.g. boyfriend or girlfriend) or an unknown adult?
- How widely has the imagery been shared? E.g. just to one other child privately, shared online publicly or sent to an unknown number of children/adults?

Action

- Does the child need immediate support and or protection?
 - What is the specific impact on the child?
 - What can the school put in place to support them?
- Is the imagery available online?
 - If so, have appropriate reports been made to service providers etc.?
- Are other schools/settings involved?
 - Does the relevant Designated Safeguarding Lead need to be identified and contacted?
- Is this a first incident or has the child(ren) been involved in youth produced sexual imagery concerns before?
 - If so, what action was taken? **NB repeated issues will increase concerns for offending behaviour and vulnerability therefore an appropriate referral will be required.**
- Are the school child protection and safeguarding policies and practices being followed?
 - Is a member of the child protection team on hand and is their advice and support available?
- How will the school inform parents?
 - With older pupils it is likely that DSLs will work with the young person to support them to inform parents
- Can the school manage this issue internally or are other agencies required?
 - Issues concerning adults, coercion or blackmail, violent/extreme imagery, repeated concerns, vulnerable pupils or risk of significant harm will always need involvement with other agencies.

DSLs should follow the guidance available locally by Bexley CB and the Education Safeguarding Team and nationally via “Sexting in schools: youth produced sexual imagery and how to handle it” which can be downloaded from the Kelsi website from (September 2016):
